

Double EDT Lesson Packages

Recommended for all learners whose driving would be more advanced, this solution now makes it possible to complete the EDT course in half the time it would normally take doing just one-hour lessons over a longer period of time.

Beginners starting from scratch can reach Double EDT status if they continue to practice as much as possible in the early stages of the EDT Programme to bring themselves up the required standard. If you put in the work that will be needed, we will be only too happy to double up.
